

50 million

STEPS FOR EPILEPSY

Stepping up epilepsy awareness
on International Epilepsy Day

#50MILLIONSTEPS

50 million people worldwide are affected by epilepsy. To raise awareness of this and to raise vital funds for epilepsy organisations across the world, we are asking you to help us walk 50,000,000 steps ahead of International Epilepsy Day.

Complete your steps between Monday, January 10 and Monday February 14, 2022.
